November 1, 2017

Dear Konrad,

Many thanks for taking the time to prepare and participate at the CSU Channel Islands Mathematics Graduate Seminar with the talk *Inconsistency in the Ordinal Pairwise Comparisons with Ties*. Your talk was a unique experience for our audience. Your presentation was both easy to follow and interesting, thanks in no small part to your lucid explanations about how one can assess ranking credibility through analyzing inconsistencies in rankings.

Best wishes for a productive and enjoyable academic year to you and your colleagues at AGH University. We'll look forward to seeing you again in our seminars.

Again, many thanks,

Dr. Alona Kryshchneko
Graduate Seminar Organizer, Mathematics
CSU Channel Islands

Dr. Ivona Grzegorzczuk
Chair, Mathematics
CSU Channel Islands
