

[2021-04-20] CVPR 2021 - SAIAD Workshop

We received nice news that the article entitled “SafeSO: Interpretable and Explainable Deep Learning Approach for Seat Occupancy Classification in Vehicle Interior” by Joanna Jaworek-Korjakowska, Aleksander Kostuch and Paweł Skruch was accepted at the prestigious IEEE Computer Society Conference on Computer Vision and Pattern Recognition (CVPR'2021, CORE A *), SAIAD workshop. Looking at the list of accepted works (NVIDIA, Fraunhofer, BMW, VW, TUM) it should be stated that we found ourselves in a [very good company](#).
