

New Publication in Medical Image Analysis Journal

Our latest article *Analysis of the ISIC image datasets: usage, benchmarks and recommendations* has been accepted by Medical Image Analysis Journal, which is one of the most influential publishers in the field (IF 8.545). This work was a result of a partnership between Joanna Jaworek-Korjakowska and Andrzej Brodzicki with researchers from Manchester Metropolitan University (Bill Cassidy, Connah Kendrick and Moi Hoon Yap). We hope it is just a beginning of a great collaboration between our two institutes.
