CONFERENCE COMMITTEE

Sylwester MARKUSIK – honorary president

Janusz SZPYTKO - president

Franciszek PRZYSTUPA, Politechnika Wrocławska

Eugeniusz RUSIŃSKI, Politechnika Wrocławska

Jerzy TOMCZYK, Politechnika Łódzka

Wojciech WAWRZYŃSKI, Politechnika Warszawska

Bogusław ŁAZARZ, Politechnika Śląska

Jarosław SMOCZEK, AGH Kraków

Jan RDEST, FENA Katowice

ORGANIZATION COMMITTEE

Paweł HYLA, AGH Kraków – president

Aleksander SOBOTA, Politechnika Śląska

Witold PASEK, AMP Zdzeszowice

Grażyna WÓJCIK, SITPH ZG, Katowice

CONFERENCE TOPICS

- current problems in design, testing and operation of the drive systems and their equipment, with special including transport devices;
- presentation of companies engaged in the design, manufacture and operation the drive systems in the transport devices;
- active safety of today machinery and equipment;
- coaching - a new discipline in building business competencies in science;
- industrial consortia and scientific researches, innovation projects within the new EU budget for the 2014-2020 years.

CONFERENCE PROGRAMME

- standards harmonization, regulations and EU directives related to safety exploitation of drive systems in the transport devices;
- development and design machines components with special consideration elements such as clutches, brakes, gear reducers, pumps, bearings and others;
- electrical machines and drive systems in material handling devices;
- automation in drive systems and support equipment for transport devices in industry.

Conference accept polish and english languages

CONFERENCE PAPERS ABOUT

All submitted papers will be reviewed. Presentations will be delivered to eligible thematic sessions. Qualified submitted articles will be published in the electronic version on conference materials.

Articles that meet the requirements of selected national and international magazines will be presented to them for publication to the conditions of the magazine.
